

HeyWG!

WE ARE HIRING!

CO-FOUNDER OPPORTUNITY: FULL-STACK REACT DEVELOPER

***1200€/M/1Y**

Join our startup as a Co-Founder and Full-Stack React Developer. You'll play a key role in building our product from the ground up, contributing your technical expertise, and driving strategic decisions. If you're entrepreneurial, collaborative, and excited about creating something extraordinary, we'd love to meet you!

ABOUT HEYWG!

HeyWG! simplifies room hunting by letting users swipe, match, and rent shared accommodations. Our intuitive interface connects you with compatible roommates and apartments effortlessly.

YOUR PROFILE:

- Passionate about startups and entrepreneurship
- Strong proficiency in **React.js, React Native and full-stack development**
- Experienced with **JavaScript, TypeScript, Node.js, and RESTful APIs**
- Comfortable with database technologies (SQL/NoSQL)
- Proficient with version control tools such as Git
- Strong problem-solving skills and attention to detail
- Excellent communication and teamwork abilities
- Driven and self-motivated with a proactive mindset
- Ability to adapt and learn new technologies quickly
