

# INTERNSHIP

# viewnamic

All in motion

At Viewnamic, we bring PDFs to life! With our web-based software, it is easier than ever to include dynamic content such as videos, 3D models, or GIFs into a PDF. We believe static PDFs will become a thing of the past. There are many use cases where dynamic content inside a PDF can deliver information more effectively than static content. We have the prototype ready and now need support in UX/UI frontend development.

## FRONTEND DEVELOPER (UX / UI)

### 3 months internship at a start-up in Paderborn

#### About us:

We are Marie, Daniel and Felix, the founding team of Viewnamic. In a world where moving and interactive content is becoming increasingly important, we have the vision of being able to add such content to PDFs as easily as possible. We have already developed a prototype of our software and now need your support to make the prototype market ready. This especially includes tasks in frontend development.

#### Who are we looking for?

- You have experience in website frontend development (JavaScript, PHP, SQL, HTML, CSS).
- You have worked on projects where you were responsible for implementing new features on a website.
- You have experience working with WordPress, and maybe you have even developed a WordPress plugin.
- You are motivated to work in tech.
- You are interested in the start-up world and enthusiastic about working on a bigger vision.

#### What you can expect from us:

- Be part of a young, motivated team
- Flexible working hours
- Work from home or in our office at the newly built Start-up Campus
- Enjoy the start-up flair while helping to scale software internationally
- Opportunity to gain valuable experience and enhance your resume alongside your studies
- **After a successful internship: opportunity to become a permanent team member**

#### Interested?

If you are interested or have further questions about the internship, please contact us on social media (@viewnamic).

If you would like to apply, please send us your documents (CV and short application) to the following e-mail address:  
felix.dreher@viewnamic.com

## We look forward to hearing from you!
